Biodynamie

Cabernet - Merlot

- **Producer:** Claude Vialade
- **Origin:** Occitania
- **Appellation:** Wine of France
- **Type of wine:** Biodynamic (Demeter), Organic (Ecocert)

Varietal range:

Blend of Cabernet and Merlot

Soil types:

The vineyards are located between Narbonne and the Mediterranean.

Vineyard management:

The wines are grown using biodynamic techniques, which aim to strengthen the vitality of the plant by improving the natural interactions between the soil, the rocks, the sky and the plant.

Winemaking:

The grapes are brought to the winery at peak ripeness in small 15-kg crates. Gentle winemaking techniques are used with pumping over for extraction depending on tasting results.

Tasting notes:

The wine is driven by red fruit and is long on the palate whilst offering great freshness.

Food pairings:

Works very well with flavourful grilled red meats. It is perfect for a good barbecue and grilled vegetables.
